**TRANSFORM YOUR DREAM  
INTO REALITY WITH**

**Mohit Mehta Sir**

32 yrs of teaching experience

Dear Students,

First of all, I take the opportunity to congratulate you for your success in your academic journey till date and wish you a great success in your future endeavours. Here, I would like to share some wisdom with you and make you aware about the realistic competitive world you would soon step in.

Primary education makes you literate & informative. Here the main objective is to nurture you rather than critically test your skills. But then the life takes its first 'U Turn' after the XII Board. Admissions in the premier colleges like IITs, NITs and Medical colleges are based on the scores in the toughest competitive exams like JEE (Main & Advanced) & NEET.

The pattern of preparing for these exams is totally different. Just being an intelligent & studious student is not enough as the success in these tough exams depends on multiple key factors like; the quality of coaching and mentorship you get during XI and XII standard, the skill enhancement and confidence building process etc.

Choosing the right academy to boost your success probability is one of the toughest challenges you face after 10<sup>th</sup> Std. We at Kalptaru have done all the hard work to develop a system which is advanced, effective and student friendly. With your determination and dedication along with Kalptaru's academic excellence, nothing is impossible. Let's come together and conquer the best institutions of the Nation.

All the Best..!

## OUR COURSES

### **JEE** Joint Entrance Exam (Main And Advanced) Program- Duration- 2 years

A comprehensive coaching with the usage of technology enabled systems makes learning students friendly and interesting. XII Board (CBSE / State) preparation is an integral part of this program. Guidance sessions for Maths And Science Olympiads & more value to this program.

### **NEET** National Eligibility cum Entrance Test Program- Duration- 2 years

A systematic approach with a deeper knowledge penetration and the usage of technology enabled systems creates a different learning experience. At Kalptaru, the fearsome Physics becomes a friendly subject which enhances the marks in the NEET exam. XII Board (CBSE / State) preparation is an integral part of this program.

### **NEET Repeaters Batch- Program- Duration- 1 year**

This program is specially designed for those ambitious students who are determined to get an admission in their desired colleges. At Kalptaru, their enthusiasm and determination to put those extra efforts is supported by a perfectly crafted program to ensure them a huge success in their second attempt.

### **FOUNDATION** VIII, IX & X Std. (CBSE / ICSE / State)

Foundation makes your future academic journey easy along with keeping you ahead in the cut-throat competition for seeking admission in the top colleges / institutions in the future. An early start in your preparation for the competitive exams gives you an unmatched advantage.

Our prime objective of this program is to make a student;

- A) To complete school syllabus in 100 days.
- B) To develop ability to think out of the box.
- C) To prepare you for future competitive exams.

## ADMISSION PROCESS

### **Kalptaru Scholarship & Aptitude Test**

# KSAT

Test Include PCMB Subject  
Multiple Choice Questions  
Four Alternatives single correct

Win Scholarship  
upto 90% on JEE / NEET  
& Foundation Course

## Study Cycle At Kalptaru

## Key Features of our Training Programs

## Periodic Tests & Results

### Examine your Weakness; Enhance your Knowledge And Excel in Exams

Periodic tests are taken at regular intervals to give ample practice to the students, so that they can learn to respond promptly to the tricky questions within the defined time frame.

Rigorous testing gives them ample time for a self-assessment and enables them to bring the required improvement in their weaker sections of studies /subjects.

Daily DPP's which help to cover topic wise content which are currently taught.

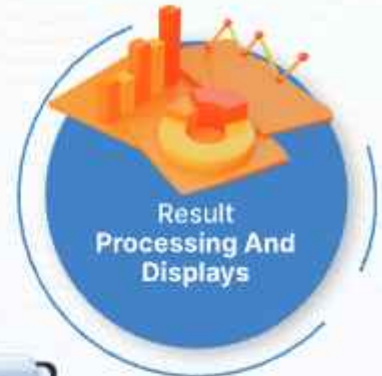

These tests are conducted in every quarter as and when the syllabus scheduled for that quarter gets completed.

Paper pattern is designed accordingly to meet the needs of NCERT syllabus and to secure good performance in Boards exam.

## We Also Provide:

Following Facilities

---

## Discuss Your Performance Get The Tips, Prepare To Compete

At KALPTARU, PMM stands for Parents Mentor Meeting. We hold PMM session during the year where the mentors discuss the progress and performance of students with their parents/guardians.
